Jane's Addiction, Had A Dad (Outtake)

Had a dad
Big and strong
Turned around
Found my daddy gone
He was the one
Made me what I am today
Its up to me now
My daddy has gone away

Well I spoke to the mountain I listened to the sea Both told me that fountain Was the best that you can be My daddy's hand it growed Slow to the lickin' Sonny boy Grow to whip him

If you see my dad
Tell him my brothers
All gone mad
They're beating on each other
I walked around
Even tried to call
Got that funny feeling

He's not there At all...
