

Jane's Addiction, Slow Divers

she said
"do you think you could?"
and i said
"yea, yea in a second"

i'm sitting by a waterfall
and when the people jump in
they hold their nose and kiss these walls
granite walls, water polished walls

just don't ever wanna move from this spot
i could sit here for so long
and there's a slide
sui-slide
you could live or die
going down, going down

boy came to the slide
we said
"you want to go down that slide?"
he said
"no, man, hey you got a joint to sell me?"
"we just smoked one, but we got a roach"
we said
"i'll smoke the roach"
"but first go down that slide, man, go on down"
going down, going down

you know the plants on the rocks are crazy
thinking that they could start a life of their own
on the spiral walls of the waterfall

slow divers
their view is spectacular

sitting by a waterfall
couldn't bare to watch the people slip and fall...
