

# Janet Jackson, Island Life

Come into this sacred and erotic dream  
It's a world I know you wanna share  
Baby, let's indulge in things that set our bodies free  
Promise me that you will meet me there

What better way then to wind down  
On streets paved in harmony  
I like the sexy sounds  
From the DJ

[Chorus:]  
Island in the sun  
Just you and I will go  
Ride into the wave like echo  
When I hear that song  
I wanna be with you  
Headed for the nightlife echo

Close my eyes and there you are in front of me  
Takin' me to where I wanna go  
Baby, from my little shop of curiosities  
Boy I'll show you all you need to know  
Come on baby

What a better way  
Then to wind down  
On the streets paved in harmony  
I like the sexy sounds  
From the DJ  
Damn I think he's spinning this one for me

[Chorus]

What a better way  
Then to wind down  
On streets paved in harmony  
I like the sexy sounds  
From the DJ  
Damn I think he's spinning this one for me  
(This ones for me)

[Chorus 2x]

[Outro:]  
Island life sunshine and paradise  
All night I wanna give it to you  
Island life sunshine and paradise  
Every night I'm gonna give it to you  
(Gimme the high life)  
Island life sunshine and paradise  
All night I wanna give it to you  
(Gimme the good life)  
Island life sunshine and paradise  
Every night I'm gonna give it to you  
(Gimme the high life)  
(Gimme the good life)
