

# Janet, Truth

How did I get here  
Think I know what I did  
Always worked real hard  
Maybe I missed something  
I'm not into pointing fingers  
Showin who's right or wrong  
I just wanna keep it real  
Cause maybe I was doin fine on my own  
Listen  
I had a career before now didn't I  
I had lots of friends before now didn't I  
And I had my fans before now didn't I  
And I had my family before now didn't I  
Guess without you  
My little life was nothing  
But don't sweat it  
Let's say we disagree so  
Arguing ain't necessary cause  
We both have out whole lives left to live  
We're both consumed with jealousy  
But the truth can set you free  
Don't act like you don't know the truth  
Cause deep down in your heart you do  
Let it go  
Ooh child  
Things are gonna get easier  
Ooh child thing will be bright cause  
Truth will set you free  
Conversations deep  
When you talk to yourself  
There's no way to cheat  
Cause you know you can't be no one else  
Won't trip out on disappointment  
Cause failure is just not me  
Still I gotta do my job  
Cause you know my show can't go on without me  
Listen  
I had a career before now didn't I  
Sold out round the worl before now didn't I  
I had a few hits before now didn't I  
And danced until my feet were sore now didn't I  
Guess without you  
My little life was nothing  
But don't sweat it  
Let's say we disagree so  
Arguing ain't necessary cause  
We both have out whole lives left to live  
We're both consumed with jealousy  
But the truth can set you free  
It's hard to believe  
The love between us is over  
It's sad to think we couldn't work it out  
But how much is enough to pay for this mistake  
Hope your love was sincere  
Don't act like you don't know the truth  
Cause deep down in your heart you do  
Let it go  
Ooh child  
Things are gonna get easier  
Ooh child thing will be bright cause  
Truth will set you free  
Don't act like you don't know the truth  
Cause deep down in your heart you do  
Let it go

Ooh child  
Things are gonna get easier  
Ooh child thing will be bright cause  
Truth will set you free  
Do you know the truth  
Feel it  
Live it  
Do you know the truth  
Trust it  
Believe it  
Do you know the truth  
You want it  
And need it  
Do you know the truth  
To find it  
Embrace it  
And never let it go
