Janna Long, More

More than a shelter
If I was stranded in a storm
More than a fire
In the cold to keep me warm
More than the waves have a need to reach the shore
That's how much I need You

CHORUS:

I need more, more
Of You in my life
If I didn't have Your love
How could I survive
I need more, more
I can't get enough
I need more, more of Your love

More than a dreamer
Has gotta have faith
More than the lonely
Needs a loving embrace
More than freedom
To a prisoner of war
That's how much I need You

CHORUS

Living life without You in it I can't comprehend That's a place I know my heart will never find I could never live without You And I don't want to even try 'Cause Your love will always be the reason why...

CHORUS
