

Jason Mraz, You Might Like It

If you wanna be a dancer just start dancing
If you wanna fly then just take off
If you wanna let go don't hold on
If you wanna see the world just get lost
You could be the guy with all of the money
You could be the one who gives it away
You could be the keeper of the honey
But you might get stung along the way because

Living your dream is hard work
Go on and try it you might like it
Go on and try it you might like it
Go on and try

Living your dream is hard work
Go on and try it you might like it
Go on and try
You might lie it

If you want something you never had
Do something you never done
You might have to break some rules
If you wanna have some fun
Call it a dream, call it a plan
I call it the reason that I am
Call it whatever just call it in
It's never too late to be what you might've been

Living your dream is hard work
Go on and try it you might like it
Go on and try it you might like it
Go on and try

Living your dream is hard work
Go on and try it you might like it
Go on and try
Yea you might like it

Yeah, you might like it
Go on and try
Yeah, you might like it
Go on and try
Yea, you might like it
Go on and try
Oh, you might like it
Go on and try

If you want love let it be
If you want a friend count on me
If you wanna see the world in Harmony
Just stand up and make your piece
If you're looking for a song just sing a long
If you wanna get off just turn it on
Turn it on
Turn it on
Turn it on
Turn it on because

What you want wants you
What you want wants you
What you want wants you

What you want wants you
What you want wants you

What you want wants you

What you want
What you want
What you want
It wants you

You might like it
You might like it
You might like it
You might like it
Or you might love it

If you wanna get up
If you wanna get up
You might like it
You might like it

If you wanna get up
If you wanna get up
You might like it
You might like it

Or you might love it
You might love it
You might love it
You might love it
The way I love it
The way I love it
I love it
I love it

You might love it
You might love it
You might love it
You might love it
The way I love it
The way I love it
I love it
