

Jason Upton, Is There Room

Is there room in your womb young woman
Is there room in your womb for a child?

Ive seen the prophesy being fulfilled
Ive heard the song of the angels
Gods sending peace and goodwill
Is there room
Is there room for a child

Is there room in your inn young man
Is there room in your inn for a child

Ive seen the prophesy being fulfilled
Ive heard the song of the angels
Gods sending peace and goodwill
Is there room
Is there room for a child

How long will we push our children away
Is there room in our world for a new word today
A holy child from Gods right hand
Is a holy word from God to man
But is there room
Is there room for a child
