

# Jay Sean, Tonight

I'm gonna give it to you tonight (tonight)  
I'm gonna give it to you tonight (tonight)  
I'm gonna give it to you tonight (tonight tonight tonight yeah)  
You must be a comedian, (oh ohooo)  
this must be your stand up routine,  
Girl i can't take you serious, (no nooo)  
Did you think you were getting off... that easy,  
When your body's calling me, like a moth to the flame (oh hoo)  
And i can tell that you're wanting me, and shorty i feel the same  
So you ain't going nowhere  
Did you think i was letting you go  
Home tonight  
Did you think i was letting your body outta my sight  
When i got some really crazy things with you  
I wanna try  
You're about get it, girl you're about to get it  
Tonight! oohoo, tonight oohoo, tonight oohoo ,  
Girl you're about to get it tonight! oohoo,  
Tonight oohoo, tonight oohoo,  
Girl you're about to get it tonight!  
I bet you thought you was teasing me, (no nooo)  
You didn't know all along you was playing my game,  
Did you think that you could shake it in front of me girl,  
And i wouldn't at least demand a taste,  
Cos you got my mouth watering,  
And your body's... what i crave, (yeahhh)  
And i won't stop till you let me in.... and i hear you scream my name,  
I aint going nowhere  
Did you think i was letting you go  
Home tonight  
Did you think i was letting your body outta my sight  
When I got some really crazy things with you  
I wanna try  
You're about get it, girl you're about to get it  
Tonight oohoo, tonight oohoo, tonight oohoo,  
Girl you're about to get it tonight oohoo  
Tonight oohoo tonight oohoo  
Girl you're about to get it tonight!  
Close the door, turn off the lights,  
Let me kiss from your neck down to your thighs,  
You ain't going nowhere till the morning light, (ight)  
I'm going make you mine tonight did you think i was letting you go  
Home tonight  
Did you think i was letting your body outta my sight  
When I got some really crazy things with you
