"1st Verse"

It's the shi\*t you dream about  
With the homie steaming out  
Back Back Backing the beamers out  
Seems as out plans to get a grant  
To go off to college  
Didn't pan or even out  
We need it now  
We need a town  
We need a place to pitch  
We need a mound  
But for now I'm just a lazy Boy  
Daydreamin' in my La-Z-Boy  
In the could of smoke  
And playin' this Marvin  
Mama forgive me  
Should be thinking bout Harvard  
But that's too far away  
Ni\*\*as is starvin'  
Nothing wrong with my aim  
Just gotta change the target  
I got dreams  
of baggin Snido  
The size of pillows  
I see pies evert tmie mt etyes close  
I see rides 6's  
I gotta get those  
Life's a b\*tch  
I hope to not make her a widow
