Jay-Z, Bring It On

(feat. Big Jaz, Sauce Money)

[Sauce Money]

Aiyyo Jay word up; these motherfuckers

Fuckin talkin that comeback shit like they cookin crack

Shit I ain't frontin all I want my pockets green like slum change

Yaknahmsayin? Front the roll we roll back like rubbers motherfucker

For real; with no trace of AIDS

We keep our pockets fully blown, Roc-A-Fella click nigga

Aiyyo we pattin down pussy from Sugarhill to the Shark Bar

Fuck a bitch D in the marked car

We got the bad bitches gaspin for air in Aspen

Searchin for aspirin when I ask then, we swing

You cling we do our thing and bring

Sling your ding-a-ling from Bed-Stuy Brooklyn to Beijing

East coast hostess hostile colossal, money flarin

like nostrils for drug dealin apostles, huh

Al Pacino down to Nino Brown

Me Jay and Primo, got it sewed across the board like poquino

Teflon, make sure your jammy is full

Cause I heard, Sammy the Bull lamps in Miami with pull

Tropical leaves where I got a few keys

with my man I'll stock a few G's, now it's unstoppable cheese

Said we was garbage, so fuck college

Street knowledge amazin to scholars when we coin phrases for dollars

Star studded bitches with cristals, get fucked with pistols

just to see my shit, discharge puss

I drop the stellar, even acapella

I got to tell all about Roc-A-Fella

[Chorus: Fat Joe]

Yeah, bring it on if you think you can hang

And if not then let me do my thang

[repeat 4X]

[Jay-Z]

Mannerisms of a young Bobby DeNiro, spent spanish wisdoms

in a whip with dinero, crime organized like the pharoah

I cream, I diamond gleam

High post like Akiem, got a lot of things to drop

Brooklyn to Queens, I gotta keep my steam

Niggaz wanna try to hem my long jeans

Uptown fiend for Jay-Z to appear on the scene

In the meanwhile, here's somethin dope for y'all to lean

Liason for days on in

Money make the world go around so I made songs to spin

Can I Live, did dough, with my nigs, dividends flow

like the Mississippi riv', lookin jig'

Can't do for dolo, had to turn away when Tony killed Manolo

That's real, mixed feelings like a mulatto

Thug thought he was O.G. Bobby Johnson

I played him like Benny Blanco, mano a mano

you ain't ready, I find no trigger straight up shoot my guns

horizontal, get your weight up, I am

two point two pounds you're barely a hundred and twenty-five grams

Wouldn't expect y'all to understand this money

Do the knowledge, do the few dollars, I'm due to demolish

Crews Brooklyn through Hollis to a hood near you, what the fuck...

("Bring it on if you think you can hang..." --> Fat Joe)

[Big Jaz]
