

# Jay-Z, Fallin'

(Chorus)

i know i shouldn't did that  
i know it's gon' come right back  
i know it's gon' destroy everything i made  
it's probably gon' get you boys sent away  
but this game i play ain't no way to fix it  
it's inevitable and I'm falling

(verse 1{?})

said that i would've stop be-fore i even started  
when i get to one brick, than the game i would depart with  
got to one brick then i looked to the sky  
like, sorry God i lied but give me one more try  
got to two bricks new cars new whips  
but, niggas never learn 'till they end up in the news clip  
the irony of selling drugs is sort of like you using it  
guess theres two sides to what, substance abuse is  
can't stop won't stop innocents new shit  
brand new convertibles im so ruthless  
front row fight night see how big my tube is  
fuck HD nigga see how clear my view is {Fallin'}  
but theres a price for over doing it  
doing it this big'll put you on the map  
stick up kids is house attacks  
plus the FBI boys with the cameras in the back  
damn

(chorus)

i know i shouldn't did that  
i know it's gon' come right back  
i know it's gon' destroy everything I made  
it's probably gon' get you boys sent away  
but this game i play ain't no way to fix it  
it's inevitable

(Verse 2{?})

now your {falling} when you should've fell back  
now your {falling} right into they lap

fallin they applaud and they screaming at the screen  
damn you fucked up like their favorite movie scene  
Godfather, Good Fellas, Scarface, Casino  
you've seen what that last run did to Deniro  
when he can't beat the odds can't seek the card  
can't blow too hard life's a deck of cards  
now your tumbling is humbling you fall and your mumbling  
under your breathe like you knew this day was coming {falling}  
now lets pray that arm candy that you left you eX for a stay down'll come in handy  
cause come January it gets cold and your letters start to slow and your conversary's low  
when your lawyer screens appeal only thinking 'bout a bill  
and your chances are a mil damn gravity's ill

(chorus)

i know i shouldn't did that  
i know it's gon' come right back  
i know it's gon' destroy everything i made  
it's probably gon' get you boys sent away  
but this game i play ain't no way to fix it  
it's inevitable

(Verse 3 {?})

but your {falling} and you cant get up  
all you do is push up, pull up sit up  
lock down the town now belongs to the squares

who said they won't make the same mistakes that got you there  
and your arm candy sweet on 'em and the woman  
that you left with is ever got a college degree coming  
bad news keeps coming hard to keep something on your stomach  
your sick 'bout what you life is be-coming {falling}  
but you use to has beens bragging bad 'bout all the new grooves talking stuff on the youtube  
'bout what you use to do, but thats old school  
to the new crew they doing numbers like sudoku  
build a new you, and it's damn near inevitable they'll experience deja vu too  
fight and you'll never survive, run and you'll never escape  
so just fall for grace

(chorus)

i know i shouldn't did that  
i know it's gon' come right back  
i know it's gon' destroy everything i made  
it's probably gon' get you boys sent away  
but this game i play aint no way to fix it  
it's inevitable and im fallin'
