

# Jay-Z, Love For Free

[Jay-Z]

Uh huh uh, ji ji

Roc-a-Fella y'all

Jigga, Rell, nine-eight edition

This is Roc-a-Fella for life, this is Roc-a-Fella for life

This is Roc-a-Fella for life, this is Roc-a-Fella for life

I play my parts with the honies hard

It's gotten even worse now that the money's washed

Like a letter y'all, the nine-eight find me straight

Good health, can't complain about my financial state

What else? I guess tomorrow knows

I run through chicks like borrowed clothes

I'm the type of nigga your father oppose, never test Jay

You follow the code, ese, on my best day

I'm like God with a blow, bless me

[Rell]

Baby, why are you chasing that man?

Knowing that he can't, love you like I can

I guess you'd rather chase, instead of feeling

what's real inside, I got to thinking

And I hope you realize (all this love for free)

(Better come and get it soon) Hurry hurryahahyyy

(Please, don't take too long) I want your love babe

(Before it's all gone, I just wanna put you on)

The apple of my eye, sweet cherry surprise

Let me up inside, of your body tonight

There's so much that we can do

and I'll do you, know how much I wanna

taste your lovin, so good (all this love for free)

(Better come and get it soon) Hurry baby

(Please, don't take too long) Cause I want your love

(Before it's all gone, I just wanna put you on)

(Hurry hurry hurry, hurry baby cause I can't wait)

(Hurry hurry hurry, cause later on might be too late)

Gotta hurry (Hurry hurry hurry, tell me whatcha gonna do)

(Hurry hurry hurry, there's too many dimes for me to choose)

Baby you got me (got me goin)

Goin round in circles (tell me why)

And I can't explain whyaaiyy (I need your love)

Can't get enough of your love

[Jay-Z]

Yea yea yea

In the SL with Rell, music at a high decimal

Mami frontin, touchin buttons like she spec-ial

cause she sex well, in the best tell, roca-fella cartel

Excel-ing like Hyundai, Sunday to Sunday

it's for the nachoes, come out the clothes

And baby girl if it's Hammer time, then hide your toes

The game cold like, five below, but once inside the show

we to' it down; about that money, we throw it around

So when the ice hit the sun rays, run for shade

Game's over, we didn't come to play

The fuck y'all thinking??

[Rell]

(You got me going) Round and round in circles

(Tell me why) I can't explain why

(I need your love) Can't get enough of your love

Baby I've got all this love (all this love for free)

(Better come and get it soon) Baby baby baby

(Please don't take too long) I want your love babe

(Before it's all gone, I just wanna put you on)

Can you feel me growing baby

(All this love for free... better come and get it soon...)

Let me keep it going...
