

# Jaymes Bullet, In Your Grave

Is it dark?  
Is it teeth?  
Do you wander through the day when you sleep?  
Can you hear the kids from school  
While they drink, dance, fuck on side of you

I wanna rocking soon  
And clip ?  
And every ?  
Consider all soul that you can save  
I think you think about lot of things  
When you're in grave

Live can be wicked  
Look into you  
You tell me why no love is save  
So ?

..  
I hope you do lot of things  
into your grave

I wanna rocking soon  
And clear your path  
And truth be my at least  
Consider all soul that you can save  
I think you do a lot of things into your grave
