

Jazzanova, What you're doin' to me

I am the voyeur laying next to you at night
Watching you when you sleep
I am your source of strength when it all falls down
And you're on your knees
And when the day comes and everybody's gone
You can call me your friend
I'll be here for your new beginnings and
I'll be here in the end (here in the end)

Gonna tell the world I Love You baby girl
Shout it out in the streets (shout it out in the streets)
Gonna talk about the joy you bringing girl
Look what you're doin' to me

I am the shining star you see at night
When you're in the storm (guiding you through the storm)
I am the beating heart that's by your side
When you're in my arms
And when the day comes and everybody's long gone
I'm watching you sleep (I'll be watching you sleep)
You don't have to worry if you've got my heart
It's yours to keep (Yours to keep)

Gonna tell the world I Love You baby girl
Shout it out in the streets (shout it out in the streets)
Gonna talk about the joy you bringing girl
Look what you're doin' to me

There is Love for all gods children
We all breath in the same sun
We all sleep under the stars at night
We know that we are one
There is Love for all gods children
We all breath in the same sun
We all sleep under the stars at night
We know that we are one...
And you're the one for me

Gonna tell the world I Love You baby girl
Shout it out in the streets (shout it out in the streets)
Gonna talk about the joy you bringing girl
Look what you're doin' to me
