

# Jeanette, Don't Treat Me Badly

You're so captivating  
keeps ya fascinating  
I'm not contemplating  
I just can't help going crazy  
so you're allowed to follow me boy  
stayin' undercover  
while you are my lover  
an' we will discover  
that my mind is goin' dirty  
indeed my thoughts won't stay uncovered

Refrain

Don't treat my badly  
an' I will be all right  
I tell you frankly  
you gotta turn me on  
don't treat me badly  
an' this could be your night  
if you ain't faulty I will treat you like you want it ev'ry day

I am playful baby  
I can be your lady  
I can get you to see  
that our loving's gettin' better  
when we just try to stay in practice  
I can see right through you  
so you can't make me blue  
gotta act like I do  
an' you'll feel the consequences  
of what can be when you're inactive
