

# Jebediah, Simple

I know  
What I've found  
What I've found  
I know  
It's nice  
It feels cool  
It's how it should  
Simple

Lately I've felt so great  
You're the best drug I take  
My head has gone crazy  
What have you done to me?

Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe  
I learn to breathe

I know  
What I've got  
What I've got  
Won't let go - ha!  
And my thoughts  
In my head  
I'm stupid  
And simple

Lately I've felt so great  
You're the best drug I take  
My head has gone crazy  
What have you done to me?

Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe  
Now I know, I know  
I learn to breathe

Now I know well I learn to  
I know well I learn to  
I know well I learn to  
I know well I learn to breathe  
I learn to breathe

Well I learn to  
Well I learn to  
Well I learn to  
My girlfriend
