Jebediah, Twilight = Dusk

I don't wanna go anymore I don't wanna go anymore Stop pushing me through the door I don't wanna go anymore Anymore, anymore, anymore

I don't wanna fight anymore I don't wanna fight anymore Picking myself off the floor I don't wanna fight anymore Anymore, anymore, anymore

I said I'd try but you don't believe me You still don't know who I am, if only I had the guts to tell you If I had the guts to tell you

If... If... If...
