

# Jefferson Starship, Rock Music

Rock n roll is good time music  
Rock n roll is good time music

Mama said be a doctor son  
But a voice said follow the music  
Papa said be a lawyer boy  
But a voice said follow the mu'  
'Cause you know you're not doin for the money  
You're doin it just for the thrills  
You don't do it for money, boy  
So thank the Lord rock keeps payin the bills

Rock n roll is good time music  
(repeat twice)

You may think that life aint no laughing matter  
And go right on a talkin all your intellectual chatter  
Well all that jivin, it ain't true  
So let's just push on through  
Rock n roll to stay alive  
Rock n roll will survive

Sneakin Monica out after the prom  
You know I didn't get her back, people  
'Till just before dawn  
Outside we were creepin  
Inside everyone was sleepin  
Goodness gracious!  
That's rock n roll!

Rock n roll is good time music  
(repeat three times)
