

# Jefferson Starship, Sorry Me, Sorry You

It's so easy  
When love is new  
Magic feeling  
In everything you do  
But we get careless  
And make each other cry  
Oh, what a waste  
Just to let love die  
Let's give it one more try

You say you're sorry  
I'm sorry too  
Sorry me  
Sorry me, sorry you

The fire is low  
But the ashes burn  
Getting near the point  
Of no return  
Out on the edge  
Such a dangerous place to be  
When darkness falls  
And you got no way to see  
Don't turn away from me

You say you're sorry  
I'm sorry too  
Sorry me  
Sorry me, sorry you

Now it's over  
We've reached the end  
Time has come  
To start again

You say you're sorry  
I'm sorry too  
Sorry me  
Sorry me, sorry you

You say you're sorry  
I'm sorry too  
Sorry me  
Sorry me, sorry you
