

# Jehro, Mama

Mama sat down and spoke today  
While there's life  
There is hope, it's comin' your way  
Listen to me  
Oh just hear the words I say

Mama tells me I'm like those fools  
Clammed up tight  
Holding back what they should say  
Pressure building up the storm  
Is gonna break some day

Walk, walk  
Towards the rainbow  
Learn from all your trials on the way  
Stormy weather never lasts  
Oh-oh-oh-oh you'll see

Mama tells me don't feel no shame  
Fly too high, and your wings get burnt away  
You're not the first  
So don't fear to try again

Mama tells me you shouldn't scorn  
Yourself for the lovers that you mourn  
That you fond scars  
They're still a part of who you are

Walk, walk  
Toward the rainbow  
Learn from all your trial on the way  
Stormy weather never lasts  
Oh-oh-oh-oh I see.
