## Jem, They

Who made up the rules
We follow them like fools
Believe them to be true
Don't care to think them through

And I'm sorry
So sorry
I'm sorry
It's like this
I'm sorry
So sorry
I'm sorry
We do this

And it's ironic too
'Cause what we tend to do
Is act on what they say
And then it is that way

And I'm sorry
So sorry
I'm sorry
It's like this
I'm sorry
So sorry
I'm sorry
We do this

And who are they And where are they And how can they possibly know all this

And who are they And where are they And how can they possibly know all this

Do you see what I see Why do we Live like this Is it because it's true That ignorance is bliss

And who are they
And where are they
And how can they know all this
I'm sorry
So sorry
I'm sorry
It's like this

Do you see what I see Why do we Live like this Is it because it's true That ignorance is bliss

And who are they
And where are they
And how can they know all this
I'm sorry
So sorry
I'm sorry
We do this
