

# Jennifer Hudson, Remember Me

There you are  
How you find me  
Stronger enough to break my sleep  
Say it hurt  
Say you lonely  
Ay, you forgot, what you need

But I promise to go  
Yeah, I haven't you \_\_\_\_  
I was about to  
I was about to  
Couldn't give any more  
Coz it's already yours  
Look around you  
Look around you
