

Jennifer Lopez, To Be Yours

Tekst piosenki 'To Be Yours' z albumu 'This Is Me...Now' od Jennifer Lopez (premiera 16 lutego 2002)

Long ago and oh, so far away, babe
Met this superstar and then he changed my life
Don't you remember you told me you loved me
So promise me that we ain't gonna waste more time

Some days we can lose sight
Then we bring it back and we be kissing all night, yeah
Some days we can still fight
But that don't really matter 'cause we in it for life

Yeah, I'm dreaming
Can't believe it
We get one life
What a feeling
And I'm smiling 'cause I found ya
It's like Heaven times a thousand (To be yours)

This is what it's like (To be yours)
I would do it twice (To be yours)
Worth the sacrifice (To be yours)
To be yours, baby (To be yours)
This is what it's like (To be yours)
I would do it twice (To be yours)
Waited all these nights (To be yours)
To be yours, baby

Took a minute, took a break, but it's our time now
You know every time you love me, yeah, it's lights out
That's why me and you could go until it's light out
I know that I'm yours
You know, you know that I'm yours, yeah

Some days we can lose sight
Then we bring it back and we be kissing all night, yeah
Some days we can still fight
But that don't really matter 'cause we in it for life

Yeah, I'm dreaming
Can't believe it
We get one life
What a feeling
And I'm smiling 'cause I found ya
It's like Heaven times a thousand (To be yours)

This is what it's like (To be yours)
I would do it twice (To be yours)
Worth the sacrifice (To be yours)
To be yours, baby (To be yours)
This is what it's like (To be yours)
I would do it twice (To be yours)
Waited all these nights (To be yours)
To be yours, baby

One time, two time
I be loving you until the end of time
One time, two time
I be loving you until the end of time (You know it, to be yours)
One time, two time
I be loving you until the end of time (To be yours)
One time, two time
I be loving you until the end of time (To be yours)
Oh-oh, oh-oh

This is what it's like (This is what it's like)
I would do it twice (I would do it all again, baby)
Worth the sacrifice
To be yours, to be yours, baby (To be yours)
This is what it's like (Oh, this is what it's like)
I would do it twice (I would do it twice)
Waited all these nights (It was worth the sacrifice, hoo, ooh-ooh-ooh)
To be yours, baby
To be yours (To be yours)
