

# Jensen Ackles&Steve Carlson, Come 'round more

Speak to me  
Quietly and clear  
Then tell me why youre here  
And tell me where youre coming from  
Cause i cant see  
Why youre leavin here so early  
Was i wrong or were we  
Getting along just fine  
You should  
Come around more alabama  
Come around more alabama  
Come around more alabama  
Cause it might just be the right time for you and me  
The numbers and the names  
All the funny games we play  
To stay clear  
Tell me what youre running from  
I know that its not me  
Cause youre tangled in my thought these days  
I know if i could make you stay  
Just about a minute more  
Then youd  
Come around more alabama  
Come around more alabama  
Come around more alabama  
Cause it might just be the right time for you and me
