

# Jeremy Renner, Nomad

miles and miles and miles  
I've traveled the world  
and back so many times  
with nothing on my back  
but a guitar and a smile  
chasin' a dream only  
fools like me  
would follow

I was born a soldier  
wagin' a war against  
all that's sad I told ya  
whit my feet on the ground  
and my heart on my shoulder  
and I don't mind  
If I got to start all over

I am just going  
with flowing  
no matter where I am going  
and I got no plans  
on slowing down

I am a man on a mission  
there ain't no stopping  
quacking  
I guess it's my disposition  
I am a nomad

if this worlds a circle  
I got no time for hem squares  
2+2 must equal - I don't care

yeah  
I'll jump right off the edge  
to get me there

I am just going  
with flowing  
no matter where I am going  
and I got no plans  
on slowing down

I am a man on a mission  
there ain't no stopping  
quacking  
I guess it's my disposition  
I am a nomad
