

# Jeremy Renner, Wait

I know that I'm complicated  
I don't have a lot to say in  
The daylight  
Maybe I'm uncomfortable  
A little unpredictable  
Sometimes

For whatever it's worth  
I know that it hurts  
You are the ocean and I am the earth  
I hide in my head  
And leave things unsaid  
I am the needle and you are the thread

Will you wait  
Wait  
Wait  
For me now  
If you'll wait  
Wait  
Stay  
And you'll figure me out

I know that I'm difficult  
But loving you is spiritual as  
A night sky  
I can be insensitive  
And stubborn for the hell of it  
When we fight

For whatever it's worth  
I know that it hurts  
You are the ocean and I am the earth

Will you wait  
Wait  
Wait  
For me now  
If you'll wait  
Wait  
Stay  
And you'll figure me out

I promise I'll get better with time  
Do my best to make it alright  
Be the one to kiss you goodnight  
Forever

Will you wait  
Wait  
Wait  
For me now  
Will you wait  
Wait  
Stay  
We'll figure this out  
Promise you'll wait  
(Wait)  
Promise you'll wait  
(Wait for me now)  
Promise you'll wait
