

# Jessie J, Ain't Been Done

I'm a do it like it ain't been done  
I'm a do it like it ain't been done  
I'm a do it like it ain't been done  
I'm a do it like it ain't been done

Can't beat me I'm a show sharp winner  
One of a kind, I'm original  
I'm so ill, gonna need a painkiller  
Stealing the show like a criminal

Don't fight, follow the leader  
Give a little and you might get some  
This one's for the non-believers  
All together now everyone, go!

I'm a do it like it ain't been done  
On top only just begun  
Better believe I'll be your number one  
I'm a do it like it ain't been done  
And I hope you're holding on  
Cause' I'm going, going, gone  
I'm a do it like it ain't been done  
I'm a do it like it ain't been done

I'm a do it like it ain't been done  
I'm a do it like it ain't been done

Both hands tied and I get gold medals  
Still alive and I'm going hard  
Make my mark and I'm breaking all records  
You know me, I'm a superstar

Don't fight, follow the leader  
Give a little and you might get some  
This one's for the non-believers  
All together now everyone, go!

I'm a do it like it ain't been done  
On top only just begun  
Better believe I'll be your number one  
I'm a do it like it ain't been done  
And I hope you're holding on  
Cause' I'm going, going, gone  
I'm a do it like it ain't been done  
I'm a do it like it ain't been done

Like it ain't been done  
Like it, like it ain't been done  
Like it ain't been, like it ain't been, like it ain't been  
Done, done, done  
Like it ain't been done

I'm a do it like it ain't been done  
On top only just begun  
Better believe I'll be your number one  
I'm a do it like it ain't been done

I'm a do it like it ain't been done  
On top only just begun  
Better believe I'll be your number one  
I'm a do it like it ain't been done  
And I hope you're holding on  
Cause' I'm going, going, gone  
I'm a do it like it ain't been done

I'm a do it like it ain't been done

I'm a do it like it ain't been done  
I'm a do it like it ain't been done  
Better believe I'll be your number one  
And I hope you're holding on  
'Cause I'm gone, gone, gone

I'm a do it like it ain't been done  
I'm a do it like it ain't been done
