

# Jessie J, My Shadow

You'll never leave me  
You'll never leave me  
You'll never leave me  
You'll never leave me

I wish we could have another minute,  
to finish this fairytale.  
Hear your voice and get lost in it,  
cause all I got is broken details.  
You were my world and everything in it,  
so how did you dissappear.  
I won't say this is over,  
you're still here.

## CHORUS

You're my shadow, my shadow,  
I know you're close  
My shadow, my shadow,  
everywhere I go  
So I...  
I don't see the need to cry cause,  
you'll never leave my life  
My shadow, my shadow, oh

You'll never leave me (x5)

I won't forget  
I will sit and reminisce,  
Promise I'll keep all your secrets.  
To have you back would be my only wish  
cause nobody knew me like you did.  
The worlds will come to life,  
I've written in my diary.  
Hide and seek but I know you'll always  
FIND ME!  
Count to ten and I know you would APPEAR,  
APPEAR, APPEAR!  
No fear  
I'm HERE, HERE!

## CHORUS

You're my shadow, my shadow,  
I know you're close  
My shadow, my shadow,  
everywhere I go  
So I...  
I don't see the need to cry cause,  
you'll never leave my life  
My shadow, my shadow, oh

You will never leave me!

Now you're gone...  
I swear you won't be alone,  
my heartbeat's heavy like it's, made of stone.  
I won't let you down,  
hear the sound,  
I can still hear,  
Yeah!  
And now I'm breaking,  
see I'm shaking, but I know your waiting...

You'll never leave me (x8)

## CHORUS

You're my shadow, my shadow,  
I know you're close  
My shadow, my shadow,  
everywhere I go  
So I...  
I don't see the need to cry cause,  
you'll never leave my life  
My shadow, my shadow, (x2)

You'll never leave me...
