

# Jessie Reyez, INTRUDERS

i found you  
cleared land  
put down my flag  
this is mine from now on  
when i see intruders  
i load up my weapons  
and fire my cannons

i wrote your name  
everywhere  
for all eyes to see  
you're beautiful  
beautiful  
i see the stare  
but you belong to me

so please no intruders  
i kill all intruders  
cause my love is ruthless  
so please no intruders
