

Jessie Ware, Ooh La La

everyday /3x

I look

for your car

to pick me up on the avenue

driving round to take me out

listening to the music

put your lips on my cheek

that would make me happy

ooo la la

open up the door

you know I like it

ooo la la

chivalry was dead,

but you received it

you can love me one time

you can love me two time, two time

you get more of my time

if you're gonna treat me nice

you can love me one time

you can love me two time, two time

you get more of my time

if you're gonna treat me nice

ahhh, ding

ahhh, ding

ahhh, ding

ahhh, ding

park it up

at my place

who knows where we might be

you can stay, overnight

if you aks politely

ooo la la

open up the door

you know I like it

ooo la la

chivalry was dead,

but you received it

you can love me one time

you can love me two time, two time

you get more of my time

if you're gonna treat me nice

you can love me one time

you can love me two time, two time

you get more of my time

if you're gonna treat me nice

ahhh, ding

ahhh, ding

ahhh, ding
