

# Jessie Ware, Overtime

What you say?  
i you ready for a night to be a day  
got temptation roll over your face  
don't you tell me  
that you only love the chase

let's find the way  
meet me at the bar  
don't be late  
I can drink you up  
like someone in the ...  
give it to me baby straight  
no chance

once we..  
emotion  
we won't have time to talk  
moving into dark  
we never gonna stop, no!

We don'r need the reason  
we just keep the feeling  
everybody's leaving  
we go Overtime  
moving to the future  
let me see my through you  
I don't wanna lose you  
we go Overtime  
you and i  
we can do this all the time  
you and i  
let's go into Overtime  
you and i  
we can do this all the time  
you and i  
let's go into Overtime

I am with someone  
someone who share my point of view  
say ..  
what love do  
say you do!  
say you do!

baby when we .. going  
we will never want to spot  
baby when we kisses  
...

We don'r need the reason  
we just keep the feeling  
everybody's leaving  
we go Overtime  
moving to the future  
let me see my through you  
I don't wanna lose you  
we go Overtime  
you and i  
we can do this all the time  
you and i  
let's go into Overtime  
you and i  
we can do this all the time  
you and i

let's go into Overtime

Overtime  
Overtime  
Overtime  
Overtime

We don't need the reason  
we just keep the feeling  
everybody's leaving  
we go Overtime  
moving to the future  
let me see my through you  
I don't wanna lose you  
we go Overtime  
you and i  
we can do this all the time  
you and i  
let's go into Overtime  
you and i  
we can do this all the time  
you and i  
let's go into Overtime
