

Jessie Ware, Remember Where You Are

The heart of the city is on fire
Sun on the rise
The lights are gonna fall
But nothing is different in my arms
So darling, Remember Where You Are

Do you Remember Where we Are
I am no enemy of yours, no, no
When life is hard that's how it goes
As your destiny unfolds, hold on

The picture hung on the wall
Sweet reminder before the fall
Remember me
Remember me
Remember me
Remember me
To the place we used to go
Sweet reminder, so beautiful
Remember me
Remember me
Remember me
Remember me

Every day you get up
And look out of the window
Take a breath of morning air
And listen to the people out there

The heart of the city is on fire
Sun on the rise
The lights are gonna fall
But nothing is different in my arms
So darling, Remember Where You Are
Where You Are
Where You Are
Where You Are

We are last ones of our kind
Freedom of our hearts and mind
Yet let our bodies testify
And our spirits be entwined forever more

Every day you get up
And look out of the window
Take a breath of morning air
And listen to the people out there

The heart of the city is on fire
Sun on the rise
The lights are gonna fall
But nothing is different in my arms
So darling, Remember Where You Are
Where You Are
