

Jessie Ware, Step Into My Life

Look into my eyes
When we're together
Ain't nothin better
So i am gonna get ya

But are you worth my while
Or are you playing?
That's the question i keep asking myslef

But it feels so right
When i feel your eyes
Maybe for tonight

Can i feel your body?
Baby that's enough
Now's the time to spet into my life
And it feels so right
When you catch my eyes
Maybe for tonight
Would you catch my body?
Don't be scared to touch
Now's the time to step into my life

Give into me
Show what youre feeling
In harmony
Show me you need me boy

You got my attention
No complications
I just wanna get to know ya

I don;t wanna talk
No conversation
I am tired of waiting more
More of your love
