

Jester, Ruins

Castles fall around my ears
Where is she now
I'm alone in my fears
And I'm crying out loud
Kingdoms fall down
There's nowhere to hide
I am trapped without you
Too scared to fight.....Without you
And I'll be here
In the ruins
Waiting for you
Come save me
Please hurry
It's getting cold
I'm lying here
I'm oh so scared
And where are you know
I'm not sure
I think I'm dying
Lying here on the floor
