

Jill Scott, I Keep

some of them want to break you down
steal your crown
use and abuse you
some of them smile in your face
cause they've heard it someplace
you got more than they're used to
some of them want to steal your love
oh, because they're jealous of, of your living

I keep
moving forward, pressing onward, striving further
I keep
keep on laughing, keep on living, keep on loving, yeah
I keep
keep on dreaming, keep on achieving, keep on believing
I keep
I keep smiling when I come through
and I cry when I need to

some of them, oh, they stab you in your back
cause it's love they lack
some of them won't even try to see the good side
uh huh

I keep
moving forward, pressing onward, striving further
I keep
keep on laughing, keep on living, keep on loving, yeah
I keep
keep on dreaming, keep on achieving, keep on believing
I keep

hey, ooooooooooh
I keep, keep on
keep on living, keep on learning, keep on smiling, oh yeah
I keep
keep on laughing, keep on living, keep on loving, yeah
I keep
keep on dreaming, keep on believing, keep on achieving
I keep
I keep smiling when I come through
and I cry when I need to
