

Jim Kroft, Through My Weakness

Through my weakness I became strong
At times it felt my life had gone
Tried in my way just to be where you are
Tried in my way here i stand:

You learn how to love
Learn how to give
Learn how to hurt, to heal and twist

Through my weakness I became strong
At times it felt my life had gone -

You learn how to love
Learn how to give
Learn how to hurt, to heal and twist

Don't you know you've gotta fight?
Don't know you've gotta seek?
Don't you know you gotta prise to free the demon underneath?

Don't you know you've gotta life?
Don't you know you've gotta truth?
Don't you know that there's a future
Standing there in front of you?
