

Jim's Big Ego, In A Bar

It's time to get liquored up
'Cause that's why you're here
In a bar
it's time to drink aqvavit
Whiskey and beer
In a bar

IN A BAR!
IN A BAR!
IN A BAR!
IN A BAR!
in a bar

There's too many faces
But not enough room
In a bar
We're just a bunch of babies
Looking for a womb
In a bar
And you can take a sociopath
Back home with you
In a bar
Who'll leave you penniless
Wasted and blue
In a bar

IN A BAR!
IN A BAR!
IN A BAR!
IN A BAR!

And when you wallow
The world wallows with you
And when you swallow
The world swallows you too

You can move towards the liquid
Move toward the light
In a bar
Will you rejoin the world
Or fade into the night?
