

Jimi Hendrix, Here He Comes (Lover Man)

Jimi:

"here he comes"
"here he comes take one"

here he comes, i say
here comes your lover now
here he comes
here comes your lover man
aah i gotta get my head from this pillow
i gotta get outta your
no heart fellin's
reach down baby and get my runnin' shoes
oh yeah
reach down baby and get my runnin' shoes
i gotta get outta here and i got no time to lose
hey
here he comes
here comes your lover now
here he comes
here comes your lover man
i gotta get my suitcase
and get the hell outta just as fast as i can
here he comes baby
here he comes baby
here he comes baby
here he comes baby
doo doo....
