

Jimmy Eat World, What I Do To Me

i do every thing to me,

i see

i feel

i know

i want

i have everything for me,

my house

my car

my sanity

and the list could go far

(chorus)

one thing i know for sure,

is, that you don't do it for me

you don't fulfill my life,

my concrete or needs i feel.

it'll never make sense when i'm with you

and right now i'm tellin you it's through, tellin you it's through....

my needs aren't hard,

i need love

i need freedom

i need space,

time!

(chorus)

so that's it it's through

cuz you're not right for me

i need more

i need more

i need more

so now it's through
