

# Joan Jett And The Blackhearts, Had Enough

(Joan Jett/Kenny Laguna/Ricky Byrd)

When the fightin' started you turned your head  
You left me stranded like I was dead  
You run for cover when the  
Heat is on  
Show your colors  
Now you're gone

Had enough  
Had enough of you  
You ain't for me  
Had enough I've had enough of you

You show no passion you show no class  
It's time for me to move my ass  
You rain storm cloud  
You ain't no friend  
Don't wanna see your face again

Had enough  
Had enough of you  
You ain't for me  
Had enough I've had enough of you

The drama's over  
I just wanna say  
You're gonna want me back someday  
But don't come askin' for  
One more time  
You had your chance  
Now I want mine

Had enough had enough of you  
You ain't for me  
Had enough had enough of you  
You ain't for me

Had enough  
Had enough of you  
You ain't for me  
Had enough I've had enough of you
