

# Joan Jett And The Blackhearts, I Got No Answers

(Joan Jett/Kenny Laguna)

Little boy asked me why people get mad  
I just told him they were probably sad  
Is that true  
I just don't know  
I got no answers

So the little boy asked me why the people are sad  
They're just survivin' they don't know what they have  
Is that true  
We come and go  
I got no answers

When I'm down feeling lonely and confused  
I just hide it all that's the only thing to do

A little girl asked me why the sky is so grey  
It wants to rain on this cloudy day  
Is that true  
And what will it wash way

I got no answers  
I got no answers  
I got no answers
