

# Joan Jett And The Blackhearts, Who Can You Trust

(J. Jett/K. Laguna/S. Lunt)

My animal nature  
Will dominate ya  
Just wait and see

Yeah there's no protection  
This whole deception  
Is killing me

Look what we got  
It's not what it seems to be  
Take aim and fire  
Gotcha gotcha gotcha gotcha

Hey it's so confusing  
This whole illusion  
Will tell on you

You take what you want  
Get what you need  
Take aim and fire  
Gotcha

Who who who can you trust  
Who can you trust  
Just say enough is enough  
Enough is enough  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Who who who can you trust

Look what we got  
It's not what it seems to be  
Take aim and fire  
Gotcha

Who who who can you trust  
Who can you trust  
Just say enough is enough  
Enough is enough  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Who who who can you trust

Who who who can you trust  
Who can you trust  
Just say enough is enough  
Enough is enough  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust

Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust  
Who can you trust  
Just say enough is enough  
Oh I gotcha  
Who who who can you trust  
Who can you trust  
Just say enough is enough
