

Job For A Cowboy, Reduced To Mere Filth

Over time in a world where religion has dispersed
Modern times have shown these connections to slowly deterate
with empires alleging their holy books to have absolutly no flaws
all accepting everthing in it's deceitiful print
They pursue to interpret these pages
to gather aspiration and formulated belief
their community now only falls from expanding socialism
a divided population DISPOSED
one half putting their gods to rest now to only praise the antagonist against
of what they once WORSHIPPED
his words cradle his followers
while the other half being sealed out of the world they once knew knew out
of pure ignorance
knowing their fate they reliquished themsleves
hundereds upon thousands take on religious suicide
a religion populace reduced to mere FiLth
