

# Job For A Cowboy, Reduced To Mere Filth

Over time in a world where religion has dispersed  
Modern times have shown these connections to slowly deteriorate  
with empires alleging their holy books to have absolutely no flaws  
all accepting everything in its deceitful print  
They pursue to interpret these pages  
to gather aspiration and formulated belief  
their community now only falls from expanding socialism  
a divided population DISPOSED  
one half putting their gods to rest now to only praise the antagonist against  
of what they once WORSHIPPED  
his words cradle his followers  
while the other half being sealed out of the world they once knew out  
of pure ignorance  
knowing their fate they relinquished themselves  
hundreds upon thousands take on religious suicide  
a religion populace reduced to mere FILTH
