

# Joe Cocker, This Is Your Life

(J.Shanks / S.Pieken)

Gotta give it up  
Gotta let it go  
Cause hangin'n like this  
Only breaks the flow  
Gotta act as if  
It's all for the best  
Cause maybe it is and if it is  
It's worth the test

You gotta pick your battles  
You gotta let 'em roll  
You gotta dig down deep  
And trust your soul

This is your life  
This is your day  
Ain't no dress rehearsal  
So get outta your way  
Smell the roses

Dig the ride  
You can't take it with you when you say goodbye  
This is your life

Get outta your head  
Get into your heart  
Forgive and forget  
Whatever you take too hard  
Cause time is flyin'  
And time won't wait  
I've seen it all  
Make no mistake

You can sit there in your cloud  
Or you can open (up) your eyes  
Right now  
And you'll see  
I'll be the first  
You can believe  
Trust in me
