

# Joe Dolan, Endless Magic

The pale blue moonlight  
Shining through your hair  
Leaves a warm emotion  
In the cool night air  
I can feel my heart beat  
As you walk on by  
A complete sensation  
To the human eye.

Irresistible I've fallen for you  
Your endless magic is beautiful

A perfect body  
With an angel's face  
Your sophistication  
Oh it radiates  
I could be your lover  
And a best friend too  
Guess I ought a dream on  
It would never be true

Irresistible I've fallen for you  
Your endless magic is beautiful
