

# Joe Jonas, All This Time

I know you've been hurt before  
But never say never, baby  
Slow down, don't close the door  
You've been waiting forever, baby  
See I know your heart's been scarred  
But you've come this far  
So baby don't run away  
I, I know you're close to giving up  
I just want to give you love  
And try to keep a smile on your face  
So open your eyes & see that we belong together, baby  
You'll be surprised to find that things can be much better

I want to take you to a place  
Where love is something more than you imagined, yeah  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
You waited all this time  
You waited all this time  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it

You played your cards, he left you with a broken heart  
Baby, I'll never, I'd treat you like a treasure  
It's not your fault, I know you took it hard  
That was a mistake  
For us it's never too late  
You can't live your life in fear  
I know it's hard to move on  
You've just got to forget it  
Cause baby, the sky is clear  
The rain is gone, and the sun is shining

I want to take you to a place  
Where love is something more than you imagined, yeah  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it  
You waited all this time  
You waited all this time  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it

You waited all this time /3x  
You waited all this

Time to get up girl  
And take a chance, yeah  
There's nothing to be scared of  
Just grab my hand  
If you need someone by your side  
With the love inside  
Night or day, I'll be there  
You know I will  
Cause I...

I want to take you to a place  
Where love is something more than you imagined, yeah  
I put it right in your face  
Girl, it's yours  
All you got to do is reach out and grab it
