Joe Purdy, Far Away Blues

Oh the weather ain't so fine today Darling it's just right for me Cause I've been thinking of you Got these far away blues

Oh the water's mad She's been fighting with the wind I've been thinking of you Got these far away blues

So please don't take me the wrong way Things are fine and people are great, but I've been thinking of you Got these far away blues Got these far away blues
