

Joe Purdy, Skinny Dippin' Girl

I've been watchin' you steady
And I've been watchin' you watchin' me
Think that sunrise gonna turn it some blue eyes green

So you jump in the river,
You invite me to take a swim
Happened to notice that you ain't wearin'
Nothin' except your sun-kissed skin

Believe I'll jump right in
Believe I'll jump right in
You're my skinny dippin'
You're my skinny dippin'
You're my skinny dippin' girl, dippin' girl

We been playin' all these nights
And you been dancin' just right
See you lookin' my way from the stage, (Can't concentrate)

And I can't wait for this show to end,
We can go down to the dock again
When that sunlight's turnin' dim, oh
Me and you, we're gonna jump right in
We gonna jump right in
Ooh, we gonna jump right in
We gonna jump right in

You're my skinny dippin'
You're my skinny dippin'
You're my skinny dippin' girl
You're my skinny dippin' girl
You're my skinny dippin' girl (yeah mhh hhm)

We been drinkin' all night just,
Having ourselves such a damn good time
Watchin' your hair so wet
Oh darlin', just trying to contain myself
Oh, I'm trying to contain myself
Can't contain myself

Yeah cause...
You're my skinny dippin'
Love my skinny dippin'
You're my skinny dippin' girl
Skinny dippin' girl
You're my skinny dippin' girl now
Skinny dippin' girl yeah
