

# Joey Eppard, Balloon

Goodbye  
Bye my baby  
Now there's no  
One can save me  
You just keep  
On ascending  
While I sleep  
Through the ending x 5

There's a balloon  
That I let go of  
I'll see you soon  
I miss you so, love  
I knew you'd rise  
But not this far  
I search the skies  
For where you are x5

If you're gonna play with fire then expect to lose some games  
Most of all I feel this fall will land me in the flames  
And if it does, I wonder, was it all for nothing then?  
But if I had never tried, how could I try again?  
Oh, again

I knew you'd rise  
But not this far  
I search your eyes  
For where you are  
Did I have to cheat  
Find the answer  
Now there's only heat  
Where your hands were
